Welcome to Little Acorns Day Care Nursery Ltd.

We at Little Acorns understand that choosing the right Nursery for your children can be one of the most difficult decisions you have to make as a parent. We pride ourselves on our home from home environment and feel this to be a crucial part of our service, as working mothers ourselves we understand that parents need a warm and loving place to leave their little ones.

Our Team is one of experience and knowledge that have been established within our nursery since opening, we feel this allows us to offer the best stability and continuity of 'wrap around care'. When it comes to your children, our standards are as high as yours. Little Acorns nursery is staffed by dedicated Nursery Practitioners who possess the training, skills and passion to create engaging and cheerful learning environments that help your child reach his/her potential. We ensure all team members give individual attention to each child to help plan a child care curriculum that meets each child's specific developmental needs.

We hope you find our pack useful in helping you decide if our nursery is right for you. Should you require any more information please do not hesitate to contact us. Following on from your initial enquiry we will then offer a guided tour of our Nursery allowing you the time to visually see the play environment your child will be placed. This time can also be used to ask any questions you may have. Upon deciding you would like your child to start with us we will then invite you and your child to an induction. This allows your child to become familiar with their surroundings whilst having the security and comfort of you nearby. During this time our team will take down all the essential information on how you want us to care for your child.

Our Nursery - Welcome Area

The nursery has a welcoming arrival area where parents/carers are able to bring their children into the setting. This area allows parent/carers and their children to say their goodbyes and have enough kisses and cuddles to last until the end of their session! A member of the team will always meet and greet every child and take the time to collect any information necessary to ensure a settled start to the day. Our aim is to ensure the grownups can go about their day knowing their child is settled, contented and well looked after in a caring, safe and stimulating 'home from home' environment.

All of our rooms are designed in a way which allows the children to develop a sense of their own identity whilst providing a wide range of experiences both to support their emotional, social, intellectual and physical development. The enriching environment supports them in making sense of their immediate world and the wider world around them.

Our Nursery - Sleep Room

We recognize the essential need for children to have rest, relaxation and sleep as part of their daily routine. Having a separate room for young children to do so is vital for regeneration of energy in order to function properly throughout their day. All children will have a comfortable, safe and secure area to rest for the required time their parents/carers decide is suitable within their routine.

Our Nursery - Baby Room

This large and spacious environment is appropriately divided into 2 play/care areas; 1 area for babies 0-12 months and 2nd area 12-18months. Each area is wonderfully equipped to suit the needs of the growing and developing baby.

The environment within our baby room is one of warmth, reassurance and sensitivity; ensuring a cherished and caring ambience. This room is enriching, colorful and stimulating which motivates busy minds and little hands. Our key worker system allows babies placed in our care to develop healthy emotional attachments, trusting, safe and secure relationships. Care within this environment is consistent, with continuity of familiar practitioners specially suited to working with babies with the ability to carry out individual care routines. Within our baby room we have a comfy sofa area available for any parent wanting to attend Nursery to breast feed during their child's session. Alternatively, we have facilities to store breast milk should parents wish to send milk into nursery.

Our Nursery - Transition Baby Room

Activities provided are carefully selected to certify promotion of all developmental areas. The environment encourages the young children to explore and experiment; providing opportunities to practice what they have learned. Within this large room there is a separate area especially for allowing arts/crafts and manipulative activities to be taking place on a continuous basis.

Our Nursery - Preschool Room

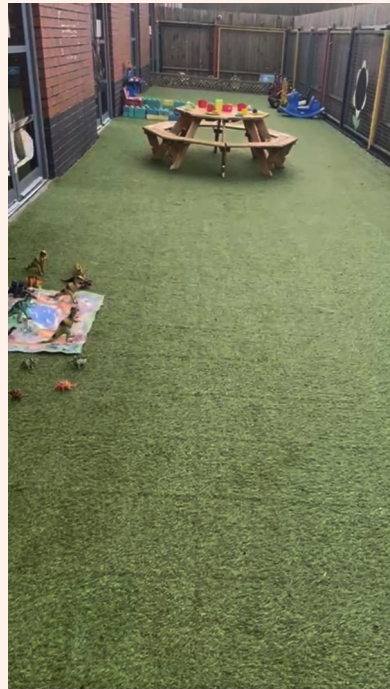

This play space is enriched with activities to promote the Developmental Stages in 'Birth to Three Matters' and the 'Foundation Phase'. The children are encouraged and supported to reach their full potentials and skills embraced. A variety of positive reward schemes are in place to ensure healthy development of self-confidence and self-esteem.

Adjoining this room is an exceptionally large outdoor play space which provides great potential for outdoor learning opportunities.

Our Nursery - Outdoors

We have a spacious outdoor play area which allows all children to access outdoor play experiences which encompasses all areas of development and provides opportunities for the children to experience an 'outdoor classroom', discovering that the outdoors is a natural environment which is enriched with prospects for learning about the wonders of the wider world around them. Outdoor play is viewed as an essential part of nursery life, not just as an opportunity for fresh air and physical play but also fundamental first hand experiences.

Our Nursery Policies

Security

As the nursery is facilitated within a private business centre we feel that this provides greater security to the children in our care and also all persons employed within the company.

The nursery can only be entered via a high - tech finger scanning device. All team members' finger prints are scanned into a computer system only accessible to the management team. The door is sectioned off using secure gates to prevent any persons entering or leaving the building unauthorised.

Data Protection

All information held on the children is stored in a lockable cabinet. All records are kept confidential under the Data protection Act 1998 and the General Data Protection Regulations 2018. No information will be shared with any persons other than the child's parent or nominated guardian. The setting is registered with the 'Data Protection Agency'. Permission can be denied by parents/carer during induction in relation to the sharing of information through media.

As a setting there are various ways in which we collect, hold and store your personal data, within our registration form there are signable permissions in order for us to both comply with the law and inform parents of what and how the information we hold is used and stored.

Equal Opportunities Policy

We work in accordance with all relevant legislation, including:

Disabled persons Acts 1958, 1986, Race Relations Act 1976, Sex Discrimination Act 1986, Children Act 1989.

We believe that the groups activities should be open to all children and families.

Our Nursery Policies

Parent Comments

Here are some feedback statements we have received from families and carers who have used our service:

"Thank you for providing such special, life enhancing experiences over the past three years. I know he loves each and every one of you and that he will share memories of his 'Little Acorns' family for years"

"The sad time has come for me to say goodbye to go to big school. Thank you for your fantastic pre-school years. Mummy Daddy and I appreciate your dedication, hard work and kindness. We will

"I would like to say a big thank you to all for the top class care my daughter has received over the last two years. As a parent it is extremely difficult to trust others with the care of your child whilst in work; however I am pleased to say that the care, development, free play, range of activities, nutrition and cleanliness has been exceptional. I would recommend this establishment to any parent/carers who requires and a standard of care that is second to none"

My son has thoroughly enjoyed his time at nursery and has grown into a confident little boy! I cannot thank the staff enough for everything they have done. As a working parent, management have always been supportive, where they can with regards to hours/days. Thank you Little Acorns from us bothxx

Thank You for showing an interest in
our Childcare Provision.
